Book Presentation to the Parkinson Memorial School

On Monday, 21 November, 2016 the Parkinson Memorial School was presented with copies of the book 'Introduction to the World of World,' by the author and Managing Director of Regional Management Services Inc., Mr. Dennis de Peiza.

The books were presented to the Principal of the School, Mr. Ian Holder. In thanking Mr. de Peiza for the generous donation of the books, Mr. Holder favourably commented on the fact that Mr. de Peiza as a long standing member of staff at the school, was demonstrating his commitment to the educational development of the student body.

In presenting the books, Mr. de Peiza, told the student body that it was necessary for them to recognize that they will form the work force of Barbados in the years ahead, and so it was imperative for them to be prepared for the world of work. He urged them to understand the importance of being good and productive workers, and reminded them that it all hinged on their total personal development, which included knowledge, skills, attitude, deportment, work ethic and work etiquette.

The book Introduction to the World of Work was launched in month of June this year, at the inaugural World of Work Showcase at the Lloyd Erskine Sandiford Centre. That event was produced by Regional Management Services Inc. in collaboration with the Ministry of Labour, Social Security and Human Resource Development, the National Initiative for Service Excellence and the Human Resources Management Association of Barbados.
